Note from Miss Debbie:

I am happy to provide this competition opportunity for our students who excel in classes and want this kind of experience.

I try to provide a good competition experience at an affordable price.

Our squad members have been very successful in competitions but have also become stronger and better performers. They have had some great experiences the last few years. Just look at our trophy shelves!!

We are all looking forward to another great year with our WDS competition squad! Let me know when you have questions.

Miss Ann is in charge of administration, communication and costumes.
